Figure 1 is a screenshot of a software window titled "Device Definition". The window has a title bar that reads "[Freeware] - NetX Manage QT". Below the title bar, there is a large, curved banner with the text "Device Definition". To the right of the banner, there are several labels and corresponding input fields:

- Type:** A dropdown menu with the selected value "-".
- Manufacturer:** A dropdown menu with the selected value "-".
- Model:** A dropdown menu with the selected value "-".
- Room:** A text input field containing the text "Family Room".
- Network Extender:** A dropdown menu with the selected value "Statnet Controller".
- Display:** A dropdown menu with the selected value "True".
- Exclude from ALL OFF:** A dropdown menu with the selected value "False".
- Name:** A text input field.

At the bottom right of the window, there is a button labeled "Next >". A large arrow points from the top left towards the window, and a smaller arrow points from the top right towards the window.
